Parade of Home Wins for Canin Associates Clients

Orlando, Florida (June 2008) Canin Associates would like to congratulate three of our clients for garnering awards in the 2008 Parade of Homes by the Home Builders Association of Metro Orlando. The awards mark the achievement of excellence in design and home construction.

The Architectural Design Studio at Canin Associates excels in the industry with appealing, cost-efficient home designs. Two of the awards are a result of a client's commitment to improving the quality of their prototypes during the housing slow-down by collaborating with us to add fresh architectural styling to existing elevations. Their investment has been rewarded with the Parade of Homes recognition as well as increased home sales in the first and second quarter of this year!

About Us

CANIN ASSOCIATES is an interdisciplinary design firm of planners, landscape architects and architects in Orlando, Florida with a track record spanning 27 years. The firm is comprised of idea-based professionals committed to creating sustainable communities and environments that enrich the quality of life treasured by current and future generations.

Canin Associates believes in designing great places for people and this philosophy is integrated into all design concepts. The firm aspires to design places where people can relax, enjoy renewal of spirit and energy, where they can celebrate and rediscover simple pleasures and connect with family and friends.
