

Willow Facade

product type  
single family home

living area  
1,923 sq. ft.

lot size  
5,600

density  
5.2 DU/AC

The Willow floor plan is a wide, shallow lot, single-story plan with split recessed garage doors. The plan features an open space concept with great connections to the outdoors, with a covered patio that functions as an outdoor living room. Built with the latest design trends, this home includes features such as a domestic suite, and provides ample storage and conveniences. The plan is a 2 bedroom with 2 baths, and a flex-room, perfect for a home office, hobby area, or playroom. This home is targeted for a retiree or move down buyer.
